

**DISEASE PREVENTION & HEALTH PROMOTION**  
**VIRGINIA DEPARTMENT FOR THE AGING**  
**SERVICE STANDARD**

**Definitions**<sup>1</sup>

Disease Prevention and Health Promotion Services refers to the following activities:

- A. Health risk assessments;
- B. Routine health screening, which may include hypertension, glaucoma, cholesterol, cancer, vision, hearing, diabetes, bone density, and nutrition screening;
- C. Nutritional counseling and educational services for individuals and their primary caregivers;
- D. Health promotion programs, including but not limited to programs relating to prevention and reduction of effects of chronic disabling conditions (including osteoporosis and cardiovascular disease) alcohol and substance abuse reduction, smoking cessation, weight loss and control, and stress management;
- E. Programs regarding physical fitness, group exercise, and music, art, and dance-movement therapy, including programs for multigenerational participation that are provided by
  - i. An institution of higher education;
  - ii. A local educational agency, as defined in section 1471 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2891);
  - iii. A community-based organization;
- F. Home injury control services, including screening of high-risk home environments and provision of educational programs on injury prevention (including fall and fracture prevention) in the home environment;
- G. Screening for the prevention of depression, coordination of community mental health services, provision of educational activities, and referral to psychiatric and psychological services;
- H. Educational programs on the availability, benefits, and appropriate use of preventive health services covered under Title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.) (Medicare);
- I. Medication management screening and education to prevent incorrect medication and adverse drug reactions;
- J. Information concerning diagnosis, prevention, treatment, and rehabilitation of diseases, and Alzheimer's disease and related disorders with neurological and organic brain dysfunction;
- K. Gerontological counseling; and
- L. Counseling regarding social services and follow-up health services based on any of the services described in paragraphs (A) through (K).

Disease Prevention and Health Promotion Services may also include information and education about adaptive devices.

The following definitions apply to terms used in Service Activity "E" above:

- Art therapy: The use of art and artistic processes specifically selected and administered by an art therapist to accomplish the restoration, maintenance, or improvement of the mental, emotional, or social functioning of an older individual.

---

<sup>1</sup> National Aging Program Information System Reporting Requirements – State Program Report Definitions

- Dance therapy: The use of psychotherapeutic movement, as a process facilitated by a dance-movement therapist, to further the emotional, cognitive, or physical health of an older individual.
- Music therapy: The use of musical or rhythmic interventions specifically selected by a music therapist to accomplish the restoration, maintenance, or improvement of social or emotional functioning, mental processing, or physical health of an older individual.

The following definitions apply to terms used in Service Activity “I” above:

- Medication management: Information and education that helps older persons understand how to take prescription, over-the-counter (OTC), and herbal medications in a safe and proper manner including following the regimen provided by their physician or pharmacist. The use of devices (pill boxes, pill cutters, timers, etc.) that assist persons to take their medication properly is included.<sup>2</sup>
- Medication screening: Referral of older persons to a physician or pharmacist for information and assistance with their medications. Invitations to pharmacists to provide this information on an individual basis and/or in group settings are included.<sup>3</sup>
- Medication education: Provision of information to older persons about prescription, OTC, and herbal medications including common side effects, the dangers of mixing medications, and other issues related to medication management and screening. The development of brochures, videos, or other materials or resources that provide information about, or assistance with, the proper management of prescription, OTC, and herbal medications is included.<sup>4</sup>
- Medication assistance programs: Provision of information to older persons about applying to drug companies that participate in prescription assistance programs. Additional education, screening, and assistance may also be provided under this service activity.

### **Eligible Population**

Disease Prevention and Health Promotion Services are targeted to persons 60 years of age or older. Priority shall be given to older individuals with greatest economic and social need, with preference to low-income minority individuals and to those older persons residing in rural or geographically isolated areas.<sup>5</sup>

### **Service Delivery Elements**

#### **Program Requirements**

Disease Prevention and Health Promotion services and information shall be provided at multipurpose senior centers and congregate meal sites, through home delivered meals programs,

---

<sup>2</sup> VDA Interim Guidelines for Medication Management, Screening & Education (March 13, 2001)

<sup>3</sup> Ibid.

<sup>4</sup> Ibid.

<sup>5</sup> Older Americans Act of 1965, as amended, Section 306(a)(4)(A)(i)

or at other appropriate sites.<sup>6</sup> Please see Congregate Nutrition Services and Home Delivered Nutrition Service Standards.

### Medication Management<sup>7</sup>

The purpose of this program is to encourage older persons to communicate with their physician and pharmacist about medications and to provide services to prevent medication misuse and adverse medication reactions. Services may be provided directly to older persons. Information and/or training about medication management may also be provided to family members, friends, and health care and human services professionals who work with or come into contact with older persons.

### Assessment

- A service-specific assessment shall be performed on each client that determines whether the individual is eligible for the service.
- If individual hours will be entered into the AIM system, Virginia Service – Quick Form (if Part “A” Uniform Assessment Instrument is not completed) is required.
- Use of the Virginia Service – Quick Form is recommended, but not required, if there are only optional group units that will not be entered into AIM.
- Federal Poverty should be determined and documented. The Federal Poverty/VDA form may be used.
- Any fee for service charge to the client shall be determined by the applicable sliding fee scale.

### Administrative Elements

#### Staff Qualifications

Whenever possible, the Area Agency on Aging or service provider shall utilize health experts and other community resources to provide services. When AAA or service provider staff is used, they shall possess the following minimum qualifications:

- Knowledge: Biological, psychological, and social aspects of aging; the impact of disabilities and illness on aging; community resources; public benefits eligibility requirements; disease prevention and health promotion; medical conditions; learning styles of older adults.
- Skills: Establishing and sustaining interpersonal relationships; problem solving; designing educational materials; public speaking.
- Abilities: Communicate with persons with varying socioeconomic backgrounds; work independently.

### Job Descriptions<sup>8</sup>

For each paid and volunteer position funded by Title III of the Older Americans Act, an Area Agency on Aging must maintain:

- A current and complete job description which shall cover the scope of disease prevention and health promotion services staff duties and responsibilities; and

---

<sup>6</sup> Older Americans Act of 1965, as amended, Section 361

<sup>7</sup> VDA Interim Guidelines for Medication Management, Screening & Education (March 13, 2001)

<sup>8</sup> 22 VAC 5-20-250, Grants To Area Agencies On Aging, Department for the Aging Regulations, Virginia Administrative Code

- A current description of the minimum entry-level standards of performance for each job.

### Units of Service

Units of service must be reported in AIM for each client receiving the service. Service units can be reported by client on a daily basis, but not aggregated (summarized) more than beyond one calendar month.

See Attachment for specific service activities and corresponding type of hours to be reported.

- Hours (individual) – The number of hours spent one-on-one providing disease prevention and health promotion services to the individual senior, family member, or caregiver.
- Persons Served (unduplicated) – The number of persons who are provided with the service and who receive individual hours.

Individual Hours – Service activities provided to a specific individual; individual hours are required for AIM.

### Optional Group Units (Not Entered into AIM)

- Group Participants – The number of people attending the presentation, meeting or program (activity provided to more than one person or in a group setting).
- Number of Group Presentations – Number of programs on disease prevention/health promotion topics

Group Units – These activities cannot be entered into the AIM system.

### Program Reports

- Aging Monthly Report (AMR) to VDA by the twelfth (12<sup>th</sup>) of the following month. If the Area Agency on Aging provides this service, this report must be updated and submitted even if no expenditures or units of service occurred.
- AIM client level data transmitted to VDA by the last day of the following month.

### Consumer Contributions/Program Income

There must be a written policy on handling of Client Program Income (CPI) and other gratuities and donations.<sup>9</sup>

Cost Sharing/Fee for Service: An Area Agency on Aging is permitted to implement cost sharing /fee for service for recipients of this service.<sup>10</sup>

And/or

Voluntary Contributions: Voluntary contributions shall be allowed and may be solicited for this service, provided that the method of solicitation is non-coercive.<sup>11</sup>

<sup>10</sup> Older Americans Act of 1965, as amended, Section 315(a)

<sup>11</sup> Older Americans Act of 1965, as amended, Section 315(b)

## **Quality Assurance**

### **Staff Training**

- At hiring, staff shall receive orientation on agency and departmental policies and procedures, client rights, community characteristics and resources, and procedures for conducting the allowable activities under this service.
- Workers shall receive a minimum of 10 hours of in-service or other training per year based on the need for professional growth and upgrading of knowledge, skills, and abilities.

### **Supervision**

Consultation and supervision shall be available to all staff providing the service.

### **Program Evaluation**

The agency should conduct regular systematic analysis of the persons served and the impact of the service. Evaluation may include client satisfaction surveys. Subcontractors shall be monitored annually.

### **Records**

The AAA or service provider must maintain specific program documentation that includes:

- Service documentation, such as activity calendars.
- Consent to Exchange Information, if information is shared with other agencies.
- Virginia Service – Quick Form (if Part “A” Uniform Assessment Instrument is not completed). At a minimum, this form must be updated annually.
- Federal Poverty documentation and Cost Sharing (Fee for Service), if applicable, calculations must be part of the client record. The Federal Poverty/VDA Sliding Fee Scale form may be used.
